

BuilderPal

Brainstorm, Browse, Build

**The AI Guide
for Young
Builders**

About BuilderPal

BuilderPal is an AI companion that helps children develop ideas and suggests achievable projects using on-site materials.

How it Works

Project Idea

Brainstorm

Unsure what to build? Chat with BuilderPal to explore ideas and get personalised project suggestions.

Project Completion

Browse

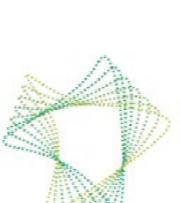

Discover a variety of projects, all possible with ViviStop workshop materials. Select the one that excites you the most.

Build

Once you've picked your project, BuilderPal guides you through it with an easy-to-follow, step-by-step tutorial. Watch your idea come to life as you build and learn!
